The tour will also pass by the Vancouver Trade and Convention Centre, through the 1,000 acre Stanley Park & Lions Gate Bridge to the north shore, tour the Cleveland Dam which supplies about 40% of water consumed by Lower Mainland residents. Tour continue onto the famous Suspension Bridge (Lynne Canyon Bridge or Capilano Suspension Bridge) where you can experience the thrill of crossing a suspension bridge at a height of 50 meters (165 feet) above the Canyon.

In the afternoon, the tour will visit Granville Island Farmer's Market and the Beautiful sunken garden of Queen Elizabeth Park; the tour will then proceed to the busy Shopping area of Richmond, or our guest can check their luck at the Newly opened River Rocky Casino.
