

## **Booking a travel package? Consider travel insurance.**

From 15 July 2015 onwards, your travel agent is required to ask if you wish to purchase travel insurance that includes coverage for business insolvency of travel agencies when:

- you are buying a leisure travel product/package; or
- your travel product/package costs at least S\$1,000 (including GST) per person; or
- you are paying a deposit or payment of at least S\$500 per person.

If you decide to buy travel insurance, your travel agent will:

- help you buy the insurance

Your travel agent will record the details of the insurance you bought, before continuing with your booking.

Travel insurance is not compulsory. If you choose not to buy the insurance, the travel agent will record your decision and proceed with your booking.
