SRI LANKA

REASONS TO STILL CONSIDER SRI LANKA !!!

01. STILL THE NUMBER ONE DESTINATION TO TRAVEL TO IN 2019

Sri Lanka is decidedly having its moment in the equatorial sun and change is coming swiftly. Already notable to intrepid travellers for its mix of religions and cultures, its timeless temples, its rich and accessible wildlife, its growing surf scene and its people who defy all odds by their welcome and friendliness after decades of civil conflict, this is a country revived. There's now more than ever for families, adrenaline junkies, eco-tourists, wellness seekers and foodies of all budgets. Even the north and east, including areas previously off limits, difficult to reach or lacking in services, deliver new discoveries

02. GREAT TIME TO VISIT BEFORE THE BOOM

With Sri Lanka set to double its visitors from last year this may be the best time to visit the island before the boom. Guests had complained previously about the crowds in location such as Sigiriya, Kandy , Polonnaruwa and Yala. This may be the best time to visit and spot that leopard family at Yala National Park and enjoy it without any other jeep surrounding you - To Enjoy Sigiriya Rock Fortress at your own pleasure and get that all important Insta Shot!!

03. GREAT INCENTIVES FOR GUESTS COMING IN

The immediate action taken by the government and all tourism sector companies to provide great incentives for traveller into Sri Lanka - makes it a very appealing destination

With reduced air fares and deals to fly into Sri Lanka and the Hotels providing great offers and benefits there is no better time to travel than now.
