Registration and Usage Guide of pedulilindungi APP

To register, both Indonesian citizens and foreign nationals will first have to visit the website of <https://www.pedulilindungi.id/register> to apply for verification. There, they will be asked to register, submit verification, and provide some additional information.

The Ministry of Health will verify this information in two channels:

- Indonesian citizens: Data verification will be carried out by the Ministry of Health.
- Foreign nationals: Data verification will be done by their respective embassies.

The ministry will then grant approvals after data verification has been completed. After the registrants have received the data verification from the ministry via e-mail, they will have to download and install PeduliLindungi app on their mobile phone and complete these steps:

1. Open the app and give access to location, storage, and camera.
2. Create an account by providing a full name, phone number, e-mail address, and ID number.
3. One-Time Password (OTP) will be sent via SMS to the registered phone number. Use the OTP to verify.
4. If you have done all these steps, you can now use your PeduliLindungi app.

There will be some menu buttons on the homepage of PeduliLindungi app, such as:

1. Vaccine Registration: Indonesian citizens who haven't got vaccinated yet can register for COVID-19 vaccine registration by clicking this button.
2. QR Code Scan: When visiting several places in Indonesia, you must scan the QR Code to check in at the entrance of those places.
3. Digital Passport: You can use this button if you want to travel by public transportation such as train, plane, or bus.
4. Vaccine Certificate: Click this button to present your digital COVID-19 vaccine certificate.
5. COVID-19 Test Result: Click this button to present your digital COVID-19 test result.
