RoyalCaribbean
INTERNATIONAL

We're counting down the days until you sail with us!

Here are your next steps to ensure a smooth and healthy boarding day.

Before you Arrive

Download your Royal app and complete your [online check-in](#). Ensure that your passport is valid and make sure to check-in on the same day as the rest of your travel party to request the same arrival time.

An email notification on the PCR SARS-CoV-2 test will be sent to you approximately 2 weeks before your sail day. Schedule the test between 24 hours and 3 days before your cruise.

Arrive only during your pre-selected appointment time at the designated testing location and bring along any proof of identity to check in at the registration booth before the test.

Answer the health questions on the app the day before you sail. You'll get an email and app reminder.

Download the TraceTogether app or bring the TraceTogether (TT) token to board the ship (children under 7 years old are exempted).

Start your mandatory guest safety briefing using your Royal Caribbean app on the day of boarding.

Boarding Day

Ensure you have not travelled outside of Singapore within the last 21 days.

Parking space will be limited, so we highly recommend being dropped off at Level 2 of the terminal during your arrival time.

Arrive only during your pre-selected check-in/wellness screening time with your entire travelling party. All members must check in together. Arriving outside of your appointed time will delay your boarding.

Be sure to keep important items like travel documents and TraceTogether token or app within easy reach. You'll need them when you arrive at the port up to boarding the ship.

A Tracelet will be provided to help us with contact tracing onboard.

Once onboard, report to your assembly station reflected on your Royal Caribbean app to complete your Guest Safety Briefing.

During your Cruise

1

Wash your hands regularly.

2

Avoid touching your face with your hands.

3

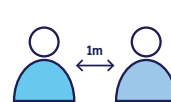

Use a tissue when you cough or sneeze and dispose of it immediately.

4

Keep your mask on at all times except during eating/drinking, swimming or when doing strenuous exercise.

5

Observe physical distancing rules.

6

Disembarkation
